DISCUSSION ON MOTION OF THANKS (Continued)

(MR DEPUTY SPEAKER IN THE CHAIR)

SRI K. BHASKAR NAIDU (Bellary).—Mr. Speaker Sir, I continue my speech on the motion of thanks to his Excellency the Governor of Karnataka. My Party Leader and the Prime Minister of India, who was recently here has given a good certificate. There were remarks made by some Opposition Members. Sir, is it not a creditable thing to this Govt., that they have performed such good thing? It is not possible that all of a sudden you can do everything and convert this country into a Ramarajya where honey and milk can flow. Governments have come and Governments have gone At best you can do only something. Within a year or two, if some good has reached the poor sections of this Country, it is natural for you to feel proud about it. May be you might not have helped a Birla or a Tata, you might not have helped the rich people. But atleast poorer sections of the people are helped. I am not saying that this Government has got a magic wand and has spread a beautiful carpet and served sumptuous food and drinks. It is not possible because our Country has just come out of the shackles of the Britishers, they ruled us and made us slaves, lived on our blood and left us in poverty. Could it be possible for any country with such a huge population that would perhaps beat China to achieve everything in a short time?
